

ALI D.

I arrived in France at the age of 28, without papers and with a Moroccan passport.

I had family who welcomed me, I worked for private individuals, I did not have the residence card. I used to make gardens.

Then after 10 years, I was able to regularize the situation, I was finally able to find work with a contract, to have a bank account to send money to Morocco.

I'm a construction worker. My wife and children live in Morocco, and I want to join them when I retire.
